

Shan Industries 2024

A student visit to SHAN INDUSTRIES was organized by ASHRAE Pakistan NED University Chapter and the Department of Mechanical Engineering on June 11, 2024.

Shan Industries, established in 1996, has been dedicated to addressing industry needs. In 2005, the company introduced Pakistan's first CNC Duct Manufacturing Plant and has since continually adapted to evolving technologies to offer high-quality solutions supported by excellent after-sales service. Shan Industries focuses on building long-lasting relationships with its customers by providing a one-stop shop for their requirements.

With over 30 years of experience, Shan Group has consistently enhanced its products and services through innovation. Since entering the HVAC industry in 1990, the company has earned the trust of its valued customers by prioritizing quality and professionalism. Shan Group manufactures HVAC equipment and provides dependable after-sales support, ensuring that all customers receive equal attention and service. Future plans include establishing a pipe welding and fabrication facility at their new factory in Korangi Creek Industrial Park, Karachi.
